The written specification was amended as follows:

a) On page 1, line 2, inserted the phrase:

“ This application is a divisional of 10/054,381, filed on 01/21/2002, now U.S. Patent No. 6,655,294.”.

The claims were amended as follows:

a) In claim 12, line 4, deleted the letter “e”.

2. The following is an examiner's statement of reasons for allowance: Applicant's lone independent claim reads over what is considered to be the closest prior art, Vasel et al. with regard at least to the claim limitations directed to “doubling back the longer portion of the sleeve” and “forming a peripheral curl on the flowing structure”.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
